Life is not a balance sheet and we must all build life and growth together through positivity. He also laid emphasis on the need for one to stop judging each other and give back to society as a social contribution for a happy living and sustained growth. He stressed that if life goes well with basic necessities every life aspect would go hand in hand. The BJP Leader having lived and worked in Australia, globe-trotting, and worked for MNCs in various sectors of Technology and Telecommunication suggested that coming back to India to serve was a life changing decision and a very positive one.

Mr. Aggarwal supported the view of IMF and Ms. Gita Gopinathan of India being a leading and growing economy in 2020-21 having the highest GDP despite all odds. He also said that the GDP growth for year 2020-21 would be much beyond 3 %. He outlined the critical key factors detrimental to the growth of India, however was very bullish on the confidence, trust and entrepreneurial skills of Indians in the Honble Prime Minister, Mr. Narendra Modi based on the historical evidence of sustained growth by Hindustan over thousands of years. He stressed, every disease needs to be managed without worrying about the future. Our present actions are right and hence our future would be bright. We have to go a long path in life and henceforth we should always have a positive aspect to it said Mr. Aggarwal.

The prime objective of the IIF Webinar Series on “Essence of Life and Growth” is to bring forth positivity of life based on the life experiences one has gained over 3-4 decades of personal life experiences, professional life, the nation, the economy and the world at large, having seen different colours of life based on ups and downs one has witnessed.
